FINAL EIS DISTRIBUTION

As noted in Section 1.8.3, a mailing list for the BMGR INRMP was developed to include individuals and organizations expressing interest in the INRMP and EIS process. The mailing list includes persons who have been particularly involved in previous BMGR projects as well as those who have expressed interest in the INRMP by attending public meetings or submitting comments. Each individual or organization on the mailing list has been notified of the availability of the final EIS in libraries, on Internet web sites, and by requesting a personal copy to review.

The following lists the libraries, agencies, organizations, and individuals who received a copy of the draft EIS for the proposed INRMP for the BMGR. Table 12-1 in Chapter 12 identifies the parties who commented on the draft EIS. Together, the persons who received the draft EIS and the persons who commented on the draft EIS provide a representative sample of the types of parties who were provided the opportunity to review the final EIS.
