Attached below the disc, a Blue scroll edged with a narrow Yellow border and inscribed "756TH AIRCRAFT MAINTENANCE SQ" in Yellow letters.

**Motto.** Jaguars.

**Significance.** Ultramarine blue and Air Force yellow are the Air Force colors. Blue alludes to the sky, the primary theater of Air Force operations. Yellow refers to the sun and the excellence required of Air Force personnel. The background indicates the Squadron's day and night capabilities. The lightning bolts are symbolic of the maintenance units, which provide sortie-capable aircraft in the required numbers--on time, safely and in proper configuration to support the parent wing's mission. The jaguar is the symbol of the unit which possesses the aggressive and powerful nature of the great cat.

## Narrative.

On 17 July 2002, the 756th Aircraft Maintenance Squadron was constituted. On 27 September 2002, it was activated at Luke AFB, Arizona, and assigned to the 56th Maintenance Group. It provides direct support to the 56th Fighter Wing to meet its mission. The squadron supports F-16s to allow pilots to fly in multiple configurations, day or night. The squadron also provides aircraft for Night Vision Imaging System training and enabled the success of the "only" medium altitude navigation and targeting infrared for night and forward air control-airborne training squadron in the Air Force.
