

Directions for Maricopa Maps & AZ Revised Statute (ARS) 28-8481

Link to Maricopa maps to see the noise contours and location of land: <http://gis.maricopa.gov/PND/PlanNet/index.html>

- On the left side about 2/3 down click “military” and then at bottom click “2018 Aerial Photos” – this will provide the teal colored noise contour lines
- At the top of the toolbar, click the small box w/ “APN” (Assessor’s parcel number) written inside it or click on the little house – this will allow you to either put your parcel number in or your address and the map will instantly zoom to it. Once it does that, scroll back out so you can see the teal contour lines again. There will be small numbers; “65, 70, 75, etc.” Note where your property lies.

Link to Az Revised Statute (ARS) 28-8481: <https://codes.findlaw.com/az/title-28-transportation/az-rev-st-sect-28-8481.html>

- About 1/3 of the way down you will see “Day-night sound level in decibels” chart. Find where your property lies within the noise contours/APZ and scroll down to see what is compatible.
