INJURY COMPENSATION FAQs

1. How do I seek medical treatment for my work related injury? You should seek and obtain the medical treatment that you need right away. You may choose your own private physician to treat you for your injury. If the MTF at your installation provides treatment for civilians with on-the-job injuries you may choose to be treated at the MTF. Ask your supervisor if the MTF at your installation offers this service.

2. How long do I have to file an injury claim? The CA-1 or CA-2 form must be filed within 3 years of the date of injury. However, if a claim is not filed within 3 years, compensation may still be paid if written notice of injury was given within 30 days to your supervisor.

3. What happens after I file an OSHA 301 & a CA-1 or CA-2 in ECOMP or through AF IC Office? The OSHA 301 & the CA-1 or CA-2, once completed electronically in ECOMP, will generate an email to your supervisor to complete their portion. Once the supervisor has completed their portion, they should print out a PDF version of the claim form & both the employee and supervisor will sign and forward by email or fax this document plus any related documentation to the AFPC IC Office. The AF IC Office will verify all data on the claim form & submit the final form through ECOMP to DOL's Office of Workers' Compensation (OWCP).

The DOL OWCP has final authority for accepting or denying injury compensation claims. The DOL OWCP will consider all written factual and medical evidence submitted and will then notify you in writing of their decision. If your claim is accepted, you will be entitled to benefits under the Federal Employees' Compensation Act (FECA). If your claim is denied, you will be notified of your appeal rights (see question #8 for additional information).

4. How do I obtain my claim number? The DOL OWCP will assign a claim number in less than 4hrs

after receipt of the CA-1 or CA-2 from AFPC IC Office. This office will then notify you & your supervisor of the assigned claim number by email or mail, as well as provide you with your AFPC IC Office POC and other pertinent information regarding the status of your claim.

You may also contact the AFPC IC Office via e-mail at injury.compensation@us.af.mil or through the Total Force Service Center (TFSC) at 1-800-525-0102. If calling, listen carefully to the menu and press "2" for civilian employees.
