We Treat Your Friends Like Family.

Your pet is Our #1 Priority

We are dedicated to the care and welfare of your pets during their transport Locally and Internationally.

Moving across the Nation or Around the World?

No job is too big or too small. Our Travel Specialists can take care of every door-to-door detail. Allow us to make your move stress free for you and your pets.

Making an International Move?

Our Travel Specialists can assist you with up-to-date requirements for your Destination Country. We can coordinate every door-to-door detail for your pet to any location globally. Our First Priority is your pet's safe arrival for your peace of mind.

We subscribe and adhere to the rules and regulations of the Animal Welfare Act. We are a member of IPATA, the International Pet and Animal Transportation Association, an organization which provides us with a network of associates around the world able to assist us with the safe transport of your special family member.

OUR PROCEDURES:

- We choose the most direct flights on the safest carriers.
- We comply with all Federal regulations to prevent interruption or delay of your travel plans.
- We provide TSA (Transportation Security Administration) security clearance prior to transporting.
- We can supply or review all the required documentation for travel to any destination.
- We provide complete, "door to door" ground transportation services.
- We offer full service boarding, grooming, training and exercise programs to prepare your pet for travel.

OUR EXPERTISE:

- Our Travel staff is available to answer any questions and help both you and your pet relax and enjoy the trip!
- Our primary concern is your pet's safe and stress-free experience.
- We are experienced with both domestic and international pet transportation.
- We maintain shipping accounts with the major airlines.
- We are connected to a network of professional pet handlers world-wide and can assist you with all of your pet's transportation needs.
- Our on-site Veterinarian and specially trained staff prepare and secure your pet.
- We can provide USDA Endorsements.
- We can provide medications and vaccinations.
- We use only air conditioned, enclosed vehicles for ground transportation.
