

# Thunderbolts,

I would like to address speculation we've seen in the community and online regarding when we will be able to conduct our next Luke Days Airshow & Open House. In sum, we have not made a final decision yet.

Your leadership team is assessing the impact & progression of COVID-19 globally and in our community to determine if hosting an airshow is in the best interest of the Air Force, our community partners, and your families. While we are motivated to provide an opportunity to open our gates and highlight the incredible mission Luke Airmen execute every day, we must do that in a measured and thoughtful way which protects all attendees.

We are seeing an increase in fraudulent 2021 Luke Days events published on social media networks. Please note any official announcement of future events will be published on our website [www.luke.af.mil](http://www.luke.af.mil) and our OFFICIAL Facebook ([www.facebook.com/Luke56thFW](http://www.facebook.com/Luke56thFW)), Twitter and Instagram pages (@LukeAFB).

Thank you for your patience as we continue to determine when and how we will be able to conduct a safe and responsible Luke Days event we can all safely enjoy.

V/R,

Gregory Kreuder  
Brigadier General, USAF  
56 FW/CC
